WORK HISTORY

Web Developer

Denali Adventure Tours (Summers 2010 - 2015)

- Built tour reservation system with PHP and MySQL (over 5,000 tours booked), including sales report generation and dashboard, as well as [user-facing tour information site](#)
- Automated online reservations to decrease daily workload and increase off-season sales
- Wrote the foundation to move to a Rails back end, a Backbone.js front end, and a more optimized database structure

Teaching Assistant in Linguistics and ESL

University of California, Santa Barbara (2013 - 2014), University of Montana (2011 - 2013)

- Researched, designed, and implemented curricula for two ESL courses and collaboratively developed curricula focused on practical application of lecture content for three linguistics courses
- Received excellent end-of-course evaluations from all classes

PROJECTS

Stargate: PuddleJumper Defense (*JavaScript, HTML5/CSS3*) | [live](#) | [github](#)

HTML5 Canvas based game

- Implemented [custom key handler](#) to process multiple simultaneous key events
- Included four difficulty levels and four lengths for game variability

PuddleJumper (*Rails, Backbone*) | [live](#) | [github](#)

Stargate travel search engine inspired by kayak.com

- Wrote sophisticated [search service](#) for single hop graph traversal
- Optimized bandwidth by processing permutations and reassembling the graph on the front end
- Utilized local storage to save prior search parameters and primary traveler info for future searches

EDUCATION

Web Development Program - *App Academy, Spring 2015*

- Immersive course with focus on full-stack web development and agile methodologies
- Strong emphasis on code quality, best practices, common algorithms, and design patterns
- Acceptance rate <5%

Coursework towards a PhD Linguistics - *University of California, Santa Barbara (left in good standing)*

- Investigated issues of linguistic complexity from corpus and computational linguistic viewpoints using Python and R to analyze data and visualize results ([working paper on Academia.edu](#))

MA Linguistics - *University of Montana, 2013 (GPA 4.0)*

- Thesis: [The Blackfoot demonstrative system: function, form, and meaning](#)

BA Classics - *Grand Valley State University, 2010 (GPA 3.975)*

- Recipient of the Department Award, given to one student each year for academic excellence

SKILLS

Core skills: Ruby, Rails, JavaScript, SQL, HTML, CSS, jQuery, Backbone.js, git

Also experienced with: Python, R, PHP, MySQL, TDD/BDD, RSpec, Jasmine
